

HLA 85

Tall shrubs are no match for this quiet and lightweight telescopic, battery-powered, extended reach hedge trimmer.

Now when professionals want to use a cordless tool for high shrubs and hedges, they have a tool as tough as they are. The HLA 85 STIHL Lithium-Ion extended reach hedge trimmer offers lightweight, balanced trimming thanks to its brushless, high-efficiency electric motor. Part of the STIHL Battery KombiSystem, the HLA 85 runs on the same universal battery shared by other Battery KombiSystem tools and offers long run times on a single charge (up to 11 hours with the AR 900 backpack battery) with no gradual drop in performance.

The HLA 85 features a variable speed throttle trigger, offering optimal cut control. It is equipped with an articulating gearbox (-45° to 70°), for cutting the tops of hedges and near the ground. The HLA 85 runs extremely quiet and produces zero exhaust emissions – great for working in noise-restricted areas. Best of all, there's no fuel cost, minimal maintenance and no restrictive extension cords.

Note: Run time on a single battery charge can vary based on battery type, charge level, tool model, operating conditions.

| HLA 85 Specifications - Professional Use | |
|--|-------------------------|
| BLADE LENGTH | 20" (500 mm) dual-sided |
| STROKES PER MINUTE | 3,000 |
| WEIGHT w/ BATTERY (AP 80) | 5.1 kg (11.4 lbs.) |
| WEIGHT (w/ AP 180) | 5.7 kg (12.6 lbs.) |
| RUN TIME (w/ AP 180) | Up to 140 minutes |
| RUN TIME (w/ AR 900) | Up to 660 minutes |
| RUN TIME (w/ AP 80) | Up to 60 minutes |

Model Features

Reduced-Emission Engine Technology - Caring for Nature
 The STIHL Inc. "Caring for Nature" seal identifies its powered products that are more environmentally conscious, producing zero or low exhaust emissions. STIHL Inc. defines "low exhaust emissions" as being cleaner than EPA and/or CARB exhaust emission standards.

[More information](#)

Double-Sided Cutting Blades
 STIHL hedge trimmers with double-sided cutting blades cut both directions.

Tip Protector
 The tip protector makes cutting near the ground or along walls easier while protecting the trimmer's cutters from damage.
