Parts & Service*

You can install low voltage lighting or hidden pet fence quickly and easily with the EZ-Cable Installer. You are actually installing the wire or cable and backfilling while digging the trench with this machine. Efficiency like this means faster returns for you.

CL3 Model installs wire 3.5" deep and CL7 Model installs wire 7" deep.

Unique Features:

- Installs wire or cable and backfills the trench all at once.
- Superior Durable Wet Clutch absorbs sudden impacts and lessens belt wear, resulting in lower maintenance and more productivity.
- Customer Friendly Operation.

Specifications

- **Progressive Cutting Carbide Blade**
Carbide bits have excellent wear factor and will cut through tree roots, hard clay and soil
- **Rate of Cut:**
Approximately 100' in 5 min. (subject to soil conditions)
- **Compact & Light Weight**
Weighs only 150lbs. and has folding handle for easy loading and transporting.
- **Engines**
Honda GX200 6.5hp with Centrifugal Wet Clutch
