LAWN CARE & MAINTENANCE

DETHATCHERS

Gently combs old grass clippings, dead roots and other small debris to the surface where they're easily bagged or re-mulched.

- *Two rows of independently flexing, dual tine tips for maximum pick-up*
- *Drawbar with adjustable mounting positions to adapt to all tractor hitch heights*
- *Wheels have adjustable mounting positions for leveling; automatic transports position when crossing pavement*
- *Wheels are behind tray to minimize overall width and facilitate leveling*
- *Oil-tempered spring tines with triple coil strength for durability*
- *Steel tine tray designed to allow added weight when necessary*

40" TOW-BEHIND DETHATCHER
