20" Hydraulic Slit Seeder

Blades are made of high-carbon, heat-treated spring steel that can handle abuse without chipping or bending

Constructed of solid 11-gauge steel for maximum durability

Large 40 lb. capacity seed mixer regulates seed delivery based on ground speed for even application

Durable, lightweight and easy to use

Overview

Durable, lightweight and easy to use, new Toro slit seeders handle like a self-propelled push mower. **Operators can make a tight turn — even on hills — with only one hand.** The variable-speed drive system operates in forward and reverse.

All models are constructed of solid 11-gauge steel for maximum durability. Blades are made of high-carbon, heat-treated spring steel that can handle abuse without chipping or bending.

A large 40 lb. capacity seed mixer regulates seed delivery based on ground speed for even application.

Specifications

Aerating Depth	Seeding depth up to 1"
Height	28" (handle folded) 45" (handle up)
Hopper Capacity	40 lbs.
Length	27" (handle folded) 52" (handle up)
