**ENGINEERED FOR
PERFORMANCE**

500PSI HIGH PRESSURE AIR COMPRESSOR

**WITH MORE AIR VOLUME
AND QUIETER**

MAX

ENGINEERED FOR PERFORMANCE

PowerLite®

AKHL1320E

FEATURES

NEW IMPROVED CONTINUOUS FASTENING ABILITY

15% More Air Volume

- The AKHL1320E has a 2.64 Ga. Air tank capacity, which is 15% more air volume than the AKHL1260E.

NEW IMPROVED DESIGN

More Durable and Easier to Use

- New Pat P. Outer Rotor Motor Design generates more torque at slower speed.
- The NEW Easy Connect AKTH15 (3.96 Gal.) bottom tank to upgrade to 5 air tanks.
- The ventilation window is protected with the new handle grip which is secured with 4 bolts.

EASY START FEATURES

More Protection In Situations With Poor Electricity and Freezing Temperatures

- The motor is designed to operate down to -20°C / -4°F
- Circuit inverter will manage and monitor the electrical current traveling through the compressor preventing breakers from shutting down even in low supply areas.
- DC Brushless motor has more starting power than a generic motor that is used for conventional compressors.

WHISPER QUIET OPERATION

Reduced Dbs.

- Horizontal pistons in the motor create less vibration than a V-shaped piston compressor.
- Motor Floating Mechanism absorbs vibrations and minimizes noise.
- Quiet mode lowers the rotation speed of the motor when working in confined spaces or in "quiet" areas like apartment buildings, schools or hospitals.

COMPATIBLE WITH 500PSI AND 100PSI TOOLS

More Ways To Connect Your Tools

- Has 2 connections for 100psi tools and 2 connections for 500psi tools. Both tools can be used with this compressor.

AKTH15

TOOL SPECIFICATIONS

| | |
|-------------------------|---|
| Item: | AKHL1320E |
| Weight: | 38.9 LBS. (58.2 LBS with AKTH15) |
| Air Delivery SCFM: | 3.0 CFM @300PSI / 3.3 CFM @100PSI |
| Tank Capacity: | 2.64 Gal. / 6.6 Gal. with AKTH15 |
| Decibel (Regular Mode): | 67 dB |
| Horsepower (HIP): | 2HP |
| Lubrication Type: | Oil-less |
| Rate Current: | 13A |
| Motor RPM: | 2,450 (Normal Mode) 1,400 (Quiet Mode) |

500PSI PowerLite ACCESSORIES

Air Tank

AKTH15

(ONLY for AKHL1320E)

It connects to the AKHL1320E to increase the capacity of air volume.
