DeWalt D25323K Rotary Hammer

(ELESDS)

Product Features

- **SHOCKS - Active Vibration Control®** Reduces vibration felt by the user at the handles. A Perform and Protect feature.
- 8 amp motor provides high performance and overload protection: 0-1,150 RPM, 0-4,300 BPM
- Variable speed trigger allows user to instantly control speed from 0 to dialed setting
- Delivers 2.5 ft lbs. of Impact Energy, providing fast drilling and powerful chipping
- Mode selector allows for usage in rotary hammer, rotary only, and chiseling applications
- Reversing feature helps release tool from bind up situations, and assists with removal of fasteners
- Integral clutch reduces sudden, high torque reactions if bit jams
- 360 degree side handle adjusts easily for preference or use in tight spaces
- Dust Extraction Connection allows the use of the D25300DH dust collection system
