

Beacon 978 LED Light Cart

The Beacon978 Cart Light uses the incredibly bright 150W LED light heads that were adapted from the award-winning Beacon LED Tower.

The similarities to traditional metal halide cart lights end there. The Beacon978 LED cart lights will never require bulb changes and don't use an expensive/breakable ballast. They are fully weatherproof and designed to take a huge amount of rough-handling on the jobsite.

KEY FEATURES

- Lightweight and easily portable.
- LEDs will last over 50,000 hours.
- No bulb replacement required.
- Rated for outdoor use.
- Instant start-up, at full output, even in cold temperatures.
- Rugged heavy duty frame.
- Built in pad for portable generator
- Winch assisted 12' mast
- Foam-filled rubber tires

KEY BENEFITS

- Safer working environment.
- Lower total cost of ownership.
- Reduced downtime on job sites.
- Energy saving device for a greener footprint.

INDUSTRIES/APPLICATIONS

- Construction
- Concrete/Paving
- Excavation & Military

Beacon 980 LED Light Cart

The Beacon980 Cart Light uses the incredibly bright LED light heads from the award-winning Beacon LED Tower to match the light output of 1000W metal-halide light fixtures.

The similarities to traditional metalhalide cart lights end there. The Beacon980 LED cart lights will never require bulb changes and don't use an expensive/breakable ballast. They are fully weatherproof and designed to take a huge amount of rough-handling on the jobsite.

KEY FEATURES

- *Lightweight and easily portable.*
- *LEDs will last over 50,000 hours.*
- *No bulb replacement required.*
