# Clean Sweep™

## Pick-Up Broom

### FEATURES

- Adjustable arbor allows control over bristle pressure to surface while extending bristle life
- Replaceable cutting edge
- Completely covered to control dust
- Ideal for warehouse, machine sheds, parking lots, job sites, etc., where dust containment is a MUST!
- Reversible poly bristle direction for multi-purpose

Replaceable bolt-on cutting edge and wafer package – Curb Sweeper optional.

### Swept Away...

Sweep clean, scrape mud going forward or in reverse. Ideal for construction, industrial or municipal jobs, the Clean Sweep Pick-Up Broom is easy to attach and simple to operate. The reversible cutting edge helps cut loose caked-on mud, while the sweeper's poly bristles deposit dirt and debris in the container which can be dumped when full.

Shown with optional Curb Sweeper for getting closer to curbs, buildings or other objects.

Prices and specifications subject to change without notice.
