Patented Fixed Engine Platform Prevents Burnout!

EDCO's fixed engine platform eliminates low-oil situations that could lead to engine burnout. The engine is isolated from the cutting arm, which minimizes vibration and extends blade life.

Vacuum Shroud Ports Create Dust-Free Worksite!

EDCO's optional dust shroud can help you control dry concrete and masonry dust and eliminate the environmental hazards of airborne particles.

14" Gasoline Masonry Saw

Model
BB-14G
