

INTIMIDATOR™ 18XP

18" Capacity Hand-Fed Chipper

The Intimidator™ 18XP is Bandit's **most popular hand-fed drum-style chipper**. With a 20-1/2" high by 20-7/8" throat opening, 37-inch diameter drum, aggressive engine options, and Bandit's slide box feed system it **absolutely dominates** everything else in the 18-inch chipper category. It's designed for tree services and municipalities that regularly work with residential area projects, big tree takedowns, lot clearing sites, and storm cleanup situations.

18XP

PROOF OF CONQUEST

The Intimidator 18XP will overcome and conquer the challenges presented by the wildest of trees and branches. A large throat opening and Bandit's proven slide box feed system aid in gathering and crushing both limby and fibrous material. The large, heavily-reinforced 37" diameter drum then smoothly and effectively powers through the material with authority because of increased torque, yet requiring less horsepower. This system reduces trimming time, labor costs, operator fatigue, and fuel costs while increasing production -- a concept proven time and time again by any Bandit chipper.

MAXIMUM UPTIME

Rugged construction and heavy-duty components throughout the Intimidator 18XP help ensure long life and trouble-free performance. We realize what it costs when a chipper is down, and we do our best to minimize it. That's why maintenance items are positioned for easy access and designed to be more serviceable in the field. Bandit chippers have proven over time to be the best decision you can make for a long-term investment in a brush chipper.

CHOOSE YOUR BUILD

From customizable engine, chassis, and feed system configurations to optional user-friendly features, your Intimidator 18XP can be setup with features and functions specific to your intended use. Gasoline and diesel engine options are available. Popular upgrades include a solid infeed tray with a heavy-duty rim, wider feed wheels, and a hydraulic winch to accompany the already-standard hydraulic lift cylinder. A wide array of choices allow you to make the 18XP *your* machine instead of a standard machine. Most arrangements of components can keep the machine under 10,000 pounds.

COMMITTED TO QUALITY & SERVICE

The Bandit Backbone™ Support

The Bandit Backbone is Bandit's commitment to customer service and support. It's always been a cornerstone of Bandit's philosophy, and today that backbone is stronger than ever. If you own a Bandit hand-fed chipper – regardless the age, hours, or warranty status – the Bandit Backbone is here to support you.

We Are Here to Support You

There are nearly 200 dealer locations in the US and over 60 international dealers to support you. They are factory trained. Plus we have an experienced parts and service department supporting you and our dealers.

INTIMIDATOR™ 18XP FEATURES

- **Rope/Line Shear Device (standard)**
Provides an improved chance that rope or lines inadvertently entering the chipper may be cut
- **Last Chance Cables (standard)**
Stops/reverses the feed wheel when pulled in case of an emergency
- **Operator Safety Control Bar (standard)**
Wraps around 3 sides of the infeed chute & controls the direction of feed wheels
- **Wood Pusher Paddle (standard)**
Used to feed small wood debris into the chipper
- **Chipper Hood Pin w/Padlock (standard)**
Prevents unauthorized access to the disc or drum
- **Chipper Hood Engine Disable Plug (standard)**
Prevents engine from being started without the hood pin in place
- **Hydraulic Bottom Bump Bar (option)**
Stops feed wheels via mechanical connection when bumped, diverting hydraulic power away from the feed wheels
