

Husqvarna Soff-Cut 390

The Husqvarna Soff-Cut 390 electric saw is designed for residential and light commercial applications. The 390 is designed for ease of use and convenience. Features include a carrying case for easy transport, lightweight, adjustable aggregate knob and depth gauge, and a pre-paid maintenance program to provide long life.

SOFF-CUT™ TECHNOLOGY

Husqvarna Soff-Cut is a unique patented system for early entry concrete sawing. This technology enables concrete to be cut within the first one or two hours of finishing and before final set. Husqvarna Soff-Cut™ provides the best solution for minimizing the risk of random cracking, and it simplifies the working process, compared to conventional sawing.
