FFC Haley Rake

SKIDHR

Gap Power

Harley Power Seeder

- ◇ Available in widths of 5ft and 6ft, perfect for Harley's TM5 and T6 models
- ◇ Ideal for seeding grasses and lawn mixtures over large areas with precise control
- ◇ Ground pressure controlled by three point top link ensures good soil to seed contact

FOR SEEDING w/ HARLEY TRACTOR RAKES

The Harley Power Seeder is ideal for seeding grasses and lawn mixtures over large areas with precise control. Available in widths of 5' and 6', fitting most TM5 and T6 models. The Harley Power Seeder has many features useful features to help you get the job done. Easy hook-up. Align hooks, raise rake to engage hooks and place pins to lock in place. Fits most Harley T6 and TM5 Power Box Rakes. Conversion kit available to make your rake compatible. Easy gauge settings for all types of seeding. Easy maneuverability around tight spaces make the seeder ideal for all sizes of seeding jobs. Use as a stand alone seeder or in conjunction with the Harley Power Box Rake. Optional three-point spring tine mount enables operator to seed without the Harley Power Box Rake. Why haul around all of those attachments? Grade, level, rake, remove debris and seed. Pulverize and prepare seedbed, dethatch or remove old lawns and weeds. Seed new lawns or overseed...all with one tool! The Harley rake is four 5 attachments in one!
