**GAP POWER**

*The Ultimate Toolbox*

### Product Features

- Automatic Filter Clean pulses every 30 seconds for continuous operations without stopping to clean filter
- Powerful 15 Amp motor delivers 140 CFM of airflow for maximum suction
- Power Tool Actuation controls the On/Off operations of the vacuum with a power tool
- Meets the EPA Lead Related Renovations, Repair and Painting (RRP) Rule for Hepa Vacuum only when DWV9320 Filter is used (Filter included with unit)
- Variable Suction controls vacuum's power consumption and amount of suction
- Telescoping handle for easy transport
- Universal hose connector provides a robust connection with swivel capability
- Lightweight and portable weighing in at only 33.5 lbs
- Heavy duty wheels and locking casters provide jobsite durability
- Multiple lift and tie down points to secure vac to scaffolding or during transportation
- Simple one switch operation to select tool actuation or vac only
- Unit comes fully assembled
- Can be used with wet or dry applications
